EARTHSIGHT

Dear Sirs,

We have received [REDACTED] from the mill Krasniy Yakor your letter dated 25th October. Strangely enough, we never received it directly from yourself. Anyway, at their request we hereby confirm that we do not constitute any team or group of companies.

Murom mill is an independent private company with excellent reputation both domestically and abroad. We were astonished to learn that you suspect us of some wrongdoings.

Our export strategy has always been clear and straitforward.

We do respect and comply with Law, customs and regulations, including sanctions, of the country we export our product to. In no way we could be involved in any illegal schemes. As to the fact that some unknown person from Parfino mill mentioned our company in negative context, we must strongly and unequivocally state, that only authorised employees of Murom mill can act on behalf of our company.

Therefore, we strongly deny, that any person from Parfino mill could make any declarations on our behalf.

Taking into consideration the above facts we kindly ask and, moreover, insist that you should drop the name of Murom mill from any future publications.

Sincerely,

[REDACTED]

Director CJSC Murom
